!Mayday!

Come on, check me  
Ey, ey

Still walk the thinnest line  
Still between love and hate and maybe losing my mind  
Can't escape her embrace, I'm running for my life  
She's my mate, she's my ace and yet she my demise  
She's the reason I'd catch a case and she's my alibi  
We be on some old shit like we Bonnie and Clyde  
We be quick to do wrong and quicker to apologize  
Be on track and losing like a rollercoaster ride  
I don't know what it is but it be like a homicide  
It's a hit, I'm the mark and still your boy survive  
Every time she get in the mood and start rolling her eyes  
When I clocking in overtime, avoiding 9 to 5's  
She be keeping me in my lane 'cause she's my ride or die  
I was lost 'til she found me barely breathing  
Now the songs that I write keep her from leaving  
See the angel that's balancing out all my demons  
We so wrong that we right, better believe it

We were lost, we were down  
But I found you the day we got close  
Now I can't figure out how I feel when you're standing so close  
When you pushed me away  
Then you're pulling me back to feel close  
Don't stand too close  
Just closer, yeah

Staying up late and wondering about this crazy lust  
I fell for you back since the day I tasted angel dust  
It feels like we've been bouncing back for like a decade plus  
And still today I'm not too sure about the state of us  
I'm in a sedated trust with a complicated cusp  
Plus I made it just to spite you forsaking us  
Must you play the bus while acting so satanous?  
Cuss and break my stuff whenever you make a fuss  
I've been on a mission, like expedition to find you a soul  
Said I would meet you at the summit but you're climbing to slow  
And now I'm running out of oxygen and vying to grow  
So did I ever take your breath away? I'm dying to know  
Better believe it  
There's probably a million reasons that I've been out here freezing  
But you got central heating  
Am I staying or leaving? I need to know this evening  
'Cause getting any closer could have me needing some healing

More love  
This the type I feel I can't get over  
Something 'bout you when you're moving closer  
This the type I feel I can't get over, can't get over, baby  
All I need is some of you  
Drive me crazy when you move closer, closer, closer  
All I need is some of you  
Drive me crazy when you move closer, closer, closer
