

Cold Shoulder

iMayday!

I been taking long to tell you what we both know
Tell you what it is
And try to let you down slow
We been sitting here at least an hour or so
Trying to find a reason
A reason I should not go oh oh oh oh

If you won't let me go
Then you'll have to just hold a cold shoulder
I can't give you my soul
Cuz I knew long ago that it's over
I've got to go leave you alone
You think you always knew what's best but
You didn't know but now you know
And I hope that you don't forget this
No no
I hope you don't forget it now
No no
I hope you don't forget it now
No no

I don't care if things get complicated
Don't act like you don't know what I'm saying
I don't care if things get complicated
I won't bear one more day with ya baby, baby

You knew what it was
Should of really just spoke
Told you everything
I could see in the smoke
Looking through the ash
I'm trying find my soul
I'll be on the way
I think it's time that I go oh oh oh oh

If you won't let me go
Then you'll have to just hold a cold shoulder
I can't give you my soul
Cuz I knew long ago that it's over
No no
I hope you don't forget it now
No no
I hope you don't forget it now
No no
