

# Evil

¡Mayday!

Oh, oh, oh, oh, oh  
Evil

I can't believe my eyes  
I've seen an angel in disguise  
Called evil  
She haunts me in my sleep  
I search for ways  
To shake the serpents  
I'm a slave to evil  
This girl won't let me be

I woke around 7: 40 or so  
With an eye on the rising sun  
Sunshine never made me blind  
A girl has never made me bite my tongue  
Despite the drum and my vice with funds  
I felt like I was the nicest one  
But you fried my lungs  
Broke my pride for fun  
You tryna slice a fella into crumbs  
Da-da-dum

I can't believe my eyes  
I've seen an angel in disguise  
Called evil  
She haunts me in my sleep  
I search for ways  
To shake the serpents  
I'm a slave to evil  
This girl won't let me be

6 months ago, I'm fine I know  
That the memories just won't fade  
I'm tryna stand back up on my feet  
You sweep 'em down every other day  
I told my friends you were evil at heart  
Sabotage is your middle name  
I shoulda known when you said on the phone  
You play pain like it's just a game  
You evil thang

Evil  
Haunts me in my sleep  
Too evil

I can't believe my eyes  
I've seen an angel in disguise  
Called evil  
She haunts me in my sleep  
I search for ways  
To shake the serpents  
I'm a slave to evil  
This girl won't let me be
