

# Feel About You

¡Mayday!

You, you, you  
You, you, you

Break down that line it's been a while  
I've ran around this planet  
Trying to gain advantage  
Bit I did some damage  
And it made you manic  
I know that's true  
And I just want to make you smile  
I know the language  
Was pretty savage  
And underhanded  
So I can't imagine  
You'd let me through  
You built your walls super high  
And I just want to come fix the fabric  
That made us magic  
I got to have it  
It's overdue  
So when I'm talking you and I  
You know we quite the package  
A night in Paris  
The vibe is lavish  
I'm like an addict  
What do you want me to do?  
(Come on)

Come find me  
Your love shines  
It's so blinding  
We out late  
We both vibing  
I'm here for that silver lining  
I know that there's no coal it's all diamond  
Nobody's perfect but I'm finding  
That

That's how I feel about you  
That's how I feel about you  
That's how I feel about you  
That's how I feel about you  
You, you  
That's how I feel about you  
You, you  
That's how I feel about

Out of my brain  
Out of my comfort zone  
Out of my right frame of mind  
Whenever we're left alone  
My friends say I'm insane  
They all say that I'm losing it  
But they don't know my name for you  
They only know your pseudonym  
Back when we first met  
I ain't know where this could lead

Still I logged on to the feed  
And let my faith take a leap  
And I can't let go of how the whole thing  
Seems to have been meant to be

Come find me  
Your love shines  
It's so blinding  
We out late  
We both vibing  
I'm here for that silver lining  
I know that there's no coal it's all diamond  
Nobody's perfect but I'm finding  
That

That's how I feel about you  
That's how I feel about you  
That's how I feel about you  
That's how I feel about you  
You, you  
That's how I feel about you  
You, you  
That's how I feel about you
