

# Lost Cause

¡Mayday!

Running 'round like I never knew which direction I was gon' go  
Found you in the space between everything I think I now know  
I thought that I could just settle you, but wild horses don't slow  
I learned that shit the hard way, don't blame me for that though  
I asked you for a second and for a second hand you came close  
But just as fast as the hour passed, you vanished, flash and be ghost  
I just wanted to be with you now, but you're really with no one  
Another cause lost to the gun, all burned up in the Sun, yeah

I don't even really want another chance (Nah)  
I don't even care what's in the cards  
Been pushing back right from the start  
Acting like I'm too hard to scar  
Trying to compete on who's tomorrow  
Laughing at us acting hard  
Drop the gates when I'm not around  
So when I come back, you just snap out of it  
No matter what we do, it all seems inadequate (That's right)  
10 years with you and half of 'em out of it  
Singing songs up in the catalyst  
Maybe none of this was an accident  
It's my fault, I'm just as passionate

You know it's such a lost cause  
The way you lead me on  
You know I'm always on call  
That's why you do me wrong  
I'm such a lost cause  
Why do you lead me on?  
I'm, I'm such a lost cause  
That's why you do me wrong

And I walked around this world try'na find the best of you  
Played games just to get next to you  
Try'na keep us all in a better mood, yeah  
You know me, I was keeping feelings in a shadow box  
You were bleeding 'em into a shallow spot  
Play the game of Risk like a scattershot  
Is this what they told me about in my young days?  
Truest of loves now, something I cannot compare to the Sun's rays  
Watching it come down, all of my nesting is melting like sundaes  
Too tired to run 'round, so I'm laying it down on the ground 'til the drums  
play

You know it's such a lost cause  
The way you lead me on  
You know I'm always on call  
That's why you do me wrong  
I'm such a lost cause  
Why do you lead me on?  
I'm, I'm such a lost cause  
That's why you do me wrong  
I'm such a lost cause  
Why do you lead me on?  
I'm, I'm such a lost cause  
That's why you do me wrong
