

My Life

iMayday!

We don't want no problems
All we wanna do is have a real good time
Real good time
If the way I wear my clothes and hair
Ain't like you do, don't trip just live your life
Let me live mine

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

I still love it when my jeans hang low
Hooky on a Monday, all nighters after shows
Tryna talk to girls that I should probably leave alone
But the only thing that's talkin is this bottle of Patron
What you think I'm on? I ain't got time at all
I'm tryina soak it all in before the final call
Message to all the fiends and roaches wishin that we fall
Come see your future out here all inside my crystal balls
Y'all ain't no threat at all
I got fews that you can use
My moves have been approved for gettin some revenue
I got it down, I had thirty-one black
Keep it movin cause the best way to use it, is probably just to lose it

Lifestyles we livin, it's for the take and it's given
We out here makin a killin with a smile and a better ticket
I'm bout this life, you been out of sight
Step aside, quiet down, let me live, bitches

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

Woke like I never slept, breakfast in the bottle
Party in the paradise, livin full throttle
We never thought it over, we get it in like it's hollow
I got it bad for the good life and better tomorrows
I live it carefree
See, it don't cost a lot to mark a spot
And live this life like everything is off the top
Top tier, top down, top back, floor plans
Started from the bottom? We only heard the door slam
Now it's long islands, and a vintage car wildin
But the way I'm livin life will never change me cause they eyein
Our sirens not into driving and keep em somethin admirin
They watch as it drives by em and kicks up dusty horizons

Lifestyles we livin, it's for the take and it's given
We out here makin a killin with a smile and a better ticket
I'm bout this life, you been out of sight
Step aside, quiet down, let me live, bitches

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

We don't want no problems
All we wanna do is have a real good time
Real good time
If the way I wear my clothes and hair
Ain't like you do, don't trip just live your life
Let me live mine

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life

Yeah, I'm just livin my life, livin my life
Livin my life. Livin my life, my life, my life
