

Red Carpet Affair

iMayday!

Down and down
Inside out
When it's all said and done
I'ma make this count
What's that sound?
So underground
When it's all said and done
Then you'll take this down

(Hey) I got my back up on the wall
(Heeeeeey, heeeeeey)
(Hey) But that don't bother me at all
(Heeeeeey, heeeeeey)

City don't sleep so my head never hits the sheets
I make peace to appease the beast
A quick feast for the dirty streets
And it's hard to tell
If they really do wish me well
Or they really just front like they want what I want
When in fact they all wish I fell
Oh well
All's well that end, well it's time gon' tell
He ain't got soul gonna face myself
With new clothes and designer rails
Fifty scales, fish turn to whales
Played the set, set up to fail
Now I walk the streets knowing that I seen it all
And it'll all end up retail

We walk this lonely road
But some would call it a red carpet affair
You can try to find me
But I can promise you that I won't be there
I'll have my back on the wall

Down and down
Inside out
When it's all said and done
I'ma make this count
What's that sound?
So underground
When it's all said and done
Then you'll take this down

(Hey) I got my back up on the wall
(Heeeeeey, heeeeeey)
(Hey) But that don't bother me at all
(Heeeeeey, heeeeeey)

I've been a submarine so long now
The surface is a dream
I think I went too deep
See, gave up my time and dedication
They said I owed them more
I thought that was mine to keep

Stumbled to stubborn underground
Just to get a little props from them
Though stuck up jits don't even eat
Middle finger up, I fuck em all
This world is dark and wrong
I keep them on until I find a place that I can get some sleep

We walk this lonely road
But some would call it a red carpet affair
You can try to find me
But I can promise you that I won't be there
I'll have my back on the wall
On the wall, on the wall
I'll have my back on the wall
On the wall, on the wall
I'll have my back on the wall
