

Spare Change

¡Mayday!

Outlook change; look out for change
Change my outfit; doubt the game
I wake up with the same old face
But I feel my soul's got a thousand names
Can I spare some? No change to give
I give up my change for a place to live
I change my flows so your neighbors know
Not to leave their daughters with the crazy kid
I'm a little bit of change; little rock and roll
Little bit insane; I'm stop and go
Hit this strain and stock it slow
Something strange made their kids rock a show
Welcome to America
Where the voices change on the telephone
And the choice is made in a second so
Get it all in gear 'cause you never know

Some changes change your life; change your life
It's the same as it ever was though it don't feel right
We're tryin' to change your life; change your life
We're tryin' to stay the same and keep up with these changing times

So attached to her dreams; So attached indeed
Couldn't see the big picture on the screen
Even though the audience began to scream
Holdin' on to what's left for every scene
'Til the point where she runnin' out of steam
It seems she can't let go or flip the corners to hard
She's ripped apart; shouldn't have fucked with 'em from the start
But that's just her heart - prideful organ, pumpin' heart
If you lost you retrace your start
'Til the point you find where you are
Everybody tryin' to be the star
But don't nobody wanna drive a tour car

Some changes change your life; change your life
It's the same as it ever was though it don't feel right
We're tryin' to change your life; change your life
We're tryin' to stay the same and keep up with these changing times

It don't feel right; it don't feel right
I'm tryin' to stay the same; I think I'm goin' out of my mind
It don't feel right; it don't feel right
I'm tryin' to stay the same and keep up with these changing times
It don't feel right; it don't feel right
I'm tryin' to stay the same; I think I'm goin' out of my mind
It don't feel right; it don't feel right
I'm tryin' to stay the same and keep up with these changing times
It don't feel right; it don't feel right
I'm tryin' to stay the same; I think I'm goin' out of my mind
It don't feel right; it don't feel right
I'm tryin' to stay the same and keep up with these changing times
It don't feel right; no it just don't feel right
To try to stay the same; I think I'm going out of my mind
It don't feel right; it don't feel right
I'm tryin' to stay the same and keep up with these changing times

Changing times...
