

Summer Distance

¡Mayday!

Never thought of us being, we just ate togetherness
The slogan we held was, "Young, care free"
So we planted love to grow

You know time flies when separation has come
I'm just worried that we won't be ready
But I trust you and your promises

Summer distance, memories and photographs
Summer distance, heart beats through video chats
Summer distance, jealousy fuels, we almost die
Summer distance, untouchable kisses

You know time flies when separation has come
I'm just worried that we won't be ready
But I trust you and your promises

Summer distance, memories and photographs
Summer distance, heart beats through video chats
Summer distance, jealousy fuels, we almost die
Summer distance, untouchable kisses

Summer distance, memories and photographs
Summer distance, heart beats through video chats
Summer distance, jealousy fuels, we almost die
Summer distance, untouchable kisses

Loyalty, baby, loyalty
Loyalties forgot
