

# The Stars Are Ours

Mayer Hawthorne

Hey  
Ho  
Hey  
Ho!

Sister's schoolwork is ready  
I was high as a kite  
We're gathered round the kitchen table now  
And we're coming back to life.  
Rumor spread like a virus  
Ross' folks house tonight  
We're making plans across the cable now  
In the ultraviolet light.

Well we're breakin' all the rules  
Cuz they're getting in the way  
And we'll never be as young as we are today  
And they're claiming I'm a fool,  
But I look the other way  
They can tell me what to do when I'm old and grey

But now the stars are ours tonight  
We'll worry 'bout tomorrow when the sun starts shining bright, then we'll sleep.

In the Chrysler Lebaron  
White with black velvet seats  
The trunk is shakin' up the neighborhood  
As we terrorize the streets.  
Allan's head's out the window  
Cigarette in his teeth  
The neighbors tellin' us to slow it down  
Shake their heads in disbelief.

Well we're breakin' all the rules  
Cuz they're getting in the way  
And we'll never be as young as we are today  
And they're claiming I'm a fool,  
But I look the other way  
They can tell me what to do when I'm old and grey

But now the stars are ours tonight  
We'll worry 'bout tomorrow when the sun starts shining bright, then we'll sleep.

Hey  
Ho  
Hey  
Ho!

Champagne toast to the ceiling  
Peel the paint off the walls  
This one is goin' in the history books  
With the Legends of the Fall.  
Back in class on Monday  
Mad high-fives in the hall  
This one is going in the history books

With the Legends of the Fall.

Well we're breakin' all the rules  
Cuz they're getting in the way  
And we'll never be as young as we are today  
And they're claiming I'm a fool,  
But I look the other way  
They can tell me what to do when I'm old and grey

But now the stars are ours tonight  
We'll worry 'bout tomorrow when the sun starts shining bright, then we'll sleep.
