Mayonnaise

Hold me like how I want you to and please never let go
Everyday I wait for you, I hope that you will know
But every time I come to you, you always disappear
I am always sorry for everything my dear

'Cause I can't make you stay

I can do everything
I can do anything
Please come back to me, please come back to me
I will do everything
I will do anything
Please come back to me, please come back to me

All along I thought it was the best for you and me
I never really understood the things I don't believe
Don't you worry I'm okay and I won't make a scene
Please do understand I'm trying so thanks for everything

'Cause I can't make you stay

I can do everything
I can do anything
Please come back to me, please come back to me
I will do everything
I will do anything
Please come back to me, please come back to me

'Cause I'm alone all the time
I'm so alone all the time
And I know you're gone

I can do everything
I can do anything
Please come back to me, please come back to me
I will do everything
I will do anything
Please come back to me, please come back to me

Baby, baby
Please come back to me, please come back to me
Baby, baby
Please come back to me, please come back to me
