

Five Ever

Mayonnaise

I never thought that I would end up just like this
Slowly missing you, dreaming endlessly... of you
I never ever thought that I would be this good
At something that I'm really bad at
I never ever wanna go back again

I feel you're excited
I see you ignited
I'm sorry, I'm lonely
Forever in your arms
Forever in your arms
I feel you, I see you
I need you, I miss you
Forever in your arms
Forever in your arms

I never ever really knew what I got into
I'm so glad I have you, I'm just glad I got... you
I never ever really said sorry that I left you
I never really wanted to, I never really wanted to

I feel you're excited
I see you ignited
I'm sorry, I'm lonely
Forever in your arms
Forever in your arms
I feel you, I see you
I need you, I miss you
Forever in your arms
Forever in your arms

I feel so good today
And I will follow you everywhere
And I will never leave you for the rest of my life

I'm sorry, I'm lonely
Forever in your arms
Forever in your arms
I feel you, I see you
I need you, I miss you
Forever in your arms
Forever in your arms

Forever in your arms
Forever in your arms
