

# Unconditionally

Mayonnaise

Let the lights fall down upon your face  
Hold me closer closer, keep me safe  
Never ever leave me without a trace  
Sinking further I am out of place

Let me remind you  
Baby, let me be  
Oh one and only  
Unconditionally  
Baby, let me be  
Oh one and only  
Unconditionally

Never ever lead me down the slope  
We'll let your face light up and let it glow, yeah  
I never wanna see you  
I never wanna see you again  
Oh baby I'm just not a friend  
Oh baby I'm not a friend

Let me remind you  
Baby, let me be  
Oh one and only  
Unconditionally  
Baby, let me be  
Oh one and only  
Unconditionally

Baby, let me be  
Oh one and only  
Unconditionally  
Baby, let me be  
Oh one and only  
Unconditionally

Lately I've been losing sleep  
Oh baby, love me  
Unconditionally  
Baby, let me be  
Oh one and only  
Unconditionally
