Love the way I sing, love my melodies
Said she kinda cold, need a cover please
We can go back home, let the bed ring ring
When she down bad she gon call on me
Know I got that passion it's all on me
Stuck inside the past but you're here with me
Baby lose control I'm your driver

Now and it's clear
Just let go of your fears
I'm your soldier for real
Nothing can come between or near

Now and it's clear
