Bum bum buss up my processor
Weekdays under the sunset
Under the sun make nothing touch your complexion
I no fit wait the tin don long
I no fit wait for turn by turn
Make we just chill for upstairs
For Calabasas, California ah ah ah

Body hot like thermo (thermocool)
She no need another (afi Mayorkun)
Body no get competition, competition, no no
Body hot like thermo (thermocool)
She no need another (do do do)
Body hot like forty degrees, like forty degrees, oh no no

Wanna know, wanna know if I'm wasting my time
Any man wey no wan jegbese
