

Sexy

Maysa

It's 2am
I can't sleep
My bodies made a promise that I just can't keep
Thinking about you baby I'm on fire
And I can't fight this feeling of desire

I call your number
Whisper the words "I'm coming over"
Is all I heard

Sexy
Take me
Sexy
Softly, rub me down

Shadows dance by candlelight
And those sweet love sounds echo through the night
Lying here with you baby feels so good
Just like I knew it would

I call your name out
Softly in bed
I'm coming baby
Is all you said

Chorus

The morning comes much too soon
My scent on your body
Then only clue has last night's passion slowly fade
I hope the memory never goes away
