

Tailor Made Love

Maysa

My love is here tonight
So good, so right

Tell me what's on your mind
What you've lost, baby I can help you find
Anything that's wrong, boy, I can make it right
I really wanna get to know you
(Get to know you) Oh, yes, baby, tonight

Baby I know what you need cause
I've custom made my love
To fit you personally, yeah, oh yeah
I know that you wanna know
My love is just for you
A tailor made love
Tailor made for you
Good love is so hard to find and
This one's just for you
A tailor made love
This is what I'll do

If you really want some peace of mind
Come on baby won't you spend some time
Baby won't you spend some time
All that you demand I know I can supply
You don't have to move a mountain
It's just for you baby, I'll climb

Tell me when and what you need, oh
And I'll wait right here for you
Cause there is nothing I won't do

Chorus

Good love is hard to find
Don't you look any further
(My love) Good love, baby
Is here tonight
So good so right

(Scat along with...)

A tailor made love, all right
Anything you want
A tailor made love, all right
A tailor made love

Chorus

Anything you want (fade)
