

I Can't Let You Go Now

Maywood

Papa's sleeping out on Sunday,
Mama's making tea.
It doesn't matter what they
think about you and me.
I can't let you go now,
you know damn well, it makes me sad.
I can't let you go now.
One and one makes two,
don't forget.

This is quite a party,
so let's hang on for a while.
Please don't spoil the evening,
but show a little style.
I can't let you go now,
you know damn well, it makes me sad.
I can't let you go now.
One and one makes two,
don't forget.

I can't , I can't, I can't let you go.
I can't , I can't, I can't let you go.
I can't , I can't, I can't let you go.
No, I can't , I can't, I can't let you go.
You know damn well, my baby, that
I can't let you go.

All day long I'm working at the office, that's ok.
But when my job is done, let's do the things my way.
I can't let you go now,
you know damn well, it makes me sad.
I can't let you go now.
One and one makes two,
don't forget.
