

If You Wanna Be Free

Maywood

Life isn't worth a single dime,
If you haven't got the time.
Love, love is such a precious thing,
Hold on - it's everything.
Two, it takes two to make a pair,
But remember baby.

If you wanna be free,
Take your chance, don't blow it,
Don't be afraid to show it.
If you wanna give it a try,
Go on (go on), try it.

Hands, they reach out to shake and say:
"We can make it all the way".
Some never get a chance to win,
But it doesn't matter.

If you wanna be free,
Take your chance, don't blow it,
Don't be afraid to show it.
If you wanna give it a try,
Go on (go on), try it.

Hey, you're a stranger, but it seems,
I once saw you in my dreams.
Blue was the colour of your eyes,
And just now I realize.
Kids, we were kids, now you're a man.
We were fools together.

[3x:]
If you wanna be free,
Take your chance, don't blow it,
Don't be afraid to show it.
If you wanna give it a try,
Go on (go on), try it.
