

## me & u

mazie

You been side steppin'  
All of my questions  
I been obsessing over everything you do  
Everything you do  
I've been left guessing  
What's in your head  
See I've been obsessing over everything you do  
Everything you do

Do you fuck with my heart or just with my head?  
Do you fuck with me now or just in the bed?  
You say you love me anywhere  
But do you love who I am or what I can do?  
What I do for myself or what I do for you?  
You say it's crazy that I care

It's just me and you  
One time tell me that you love me too  
Three times interest when it's overdue  
Me and you, me and you, me and you  
Me and you  
Ninety-nine shots, I'll be over soon  
Drinking you down like it's hundred proof  
Me and you, me and you, me and you

You been suppressing and I've been expressing  
And this needs addressing  
Of course  
And I've been professing but nothing's progressing  
It's getting depressing just  
Say it when you call me  
Say it when I'm here  
I know that you want me  
But maybe for a year  
'Till it goes away, 'till it goes away

Do you fuck with my heart or just with my head?  
Do you fuck with me now or just in the bed?  
You say you love me anywhere  
But do you love who I am or what I can do?  
What I do for myself or what I do for you?  
You say it's crazy that I care

It's just me and you  
One time tell me that you love me too  
Three times interest when it's overdue  
Me and you, me and you, me and you  
Me and you  
Ninety-nine shots, I'll be over soon  
Drinking you down like it's hundred proof  
Me and you, me and you, me and you

Me and you  
You know you like it when I say it too  
Three times interest when its overdue  
Me and you, me and you  
Me and you

Say you love me like I want you too  
Drinking you down like it's hundred proof  
Me and you, me and you

It's just me and you  
One time tell me that you love me too  
Three times interest when it's overdue  
Me and you, me and you, me and you  
Me and you  
Ninety-nine shots, I'll be over soon  
Drinking you down like it's hundred proof  
Me and you, me and you, me and you
