

## menace

mazie

I'm a menace

Everything I want, yeah, you I know I'm gonna get it  
Whether it's your fame or your cable knit sweater  
You might've done it first, but I know I do it better  
Yeah, I said it

I'm a menace, don't forget it  
I'm a menace, don't forget it  
I'm a menace, don't forget it  
I'm a menace, don't forget it

I'm not the guy to look up to (Okay)  
I'm cuttin' lines just to cut loose (Woo, woo, woo)  
Now I'm seeing God in the bathroom  
She thinks I'm cool, but she gave me some bad news  
I'm gonna change the world in the worst way  
Greta Thunberg in a Hummer on a highway  
Ooh, bummer that she'll never see it my way (Never)  
You and I are not the same

I'm a menace

Everything I want, yeah, you I know I'm gonna get it  
Whether it's your fame or your cable knit sweater  
You might've done it first, but I know I do it better  
Yeah, I said it

I'm a menace, don't forget it  
I'm a menace, don't forget it  
I'm a menace, don't forget it  
I'm a menace, don't forget it

I eat billionaires for breakfast  
Diamonds on my necklace  
I only go to parties 'cause they love to watch me exit (I'm a,  
a, a)  
Mattress ambidextrous  
Sex tape on your Netflix (Woo)  
I'm a, I'm a, I'm a, I'm a, I'm a, I'm a

I'm a menace, don't forget it (Oh, hey)  
I'm a menace, don't forget it (I'm a)  
I'm a menace
