Clue

MC Chris

There is lightning it is frightening
Mention a mansion the tension's heightening
I smell something poop precisely
I go where someone invites me
I have an envelope it has my name
It is a pseudonym and I am game
There is a murderer who means to maim
But I don't like to lose I'll find the clues and then deduce

1950's mighty nifty
Joe McCarthy farts on history
Boys made him hardy it's hardly a mystery
Was he a nancy who fancied fisting
There is a butler he is under
Lots of stress I bet he'll blunder
He's worth wads what are the odds there's thunder
He'll find bods what's the plot I wonder
Here comes the colonel don't mean chicken
He's been known to stick his dick in
Cleavage convulses pulses quicken
Plot will thicken when he goes missin'
Listen closely here's a hostess
Named peacock got halitosis
She is the grossest spose she knows this
A senator's wife extremely explosive

Sins while he grins and begins to undress her
If you're a guest best not to sequester
Spite her protests his quest's to molest her

Sense of humor defense mechanism
She takes pictures system gisms
District sadistic little bit of lipstick

Blackmail's a sad tale being extorted
Dead on the floor looking poor and contorted
We all had a weapon and motive that's morbid
