MC Chris

Name is mc I'm a number one rapper
I still buy toys and read comics on the crapper
Go against the grain like the seeds that you gather
More metaphors than news cast with Dan Rather
I'm on the spit zip your lip like a gimp
Like a redwood tree more rings than a pimp
Name is mc chris dismissed as the wimp
I insist I'm the shit with a sith triple flip
Got cream in the whip, got ho's on my dick
Got a glock automatic in case some badass wants to trip
I titty rip chicks while you go get a grip
I glow on a bitch while your bro takes a fist
My flow makes me rich well rich to me
IRS takes half math makes me weak
But I do it for the fans and the crazy creeps
Now please wave your hands like they baby feet

What do I got that nobody gots
Who is the one everybody wants
Real rappers get kept fake rappers get lost
Mc chris lowercase no dots
[x2]

I slam my fist down chris is pissed now
Umbrella up Rihanna took a crowbar to chris brown
Some bitch gonna whistle mc chris'll miss this town
I'm known as a sort to make the Voldemort hiss sound
But yo I'm just here to have some fun
If you don't know better ask someone
I went I'll on a hill with a gatling gun
My pitch'll choke a bitch Marlee Matlin's stunned
Cause I'm a dog once I wiggle with my finger on the trigger
Ho's who I'm havin cause I'm sold seven figures
And my rolls gettin bigger I got money disease
And I heard the vaccine is smokin mad trees
Back off these nuts and let a man breathe
I do what I like I like to be me
Lip on the mic?
I like hip hop it makes me feel free

What do I got that nobody gots
Who is the one everybody wants
Real rappers get kept fake rappers get lost
Mc chris lowercase no dots

Highways on hot days got wavy heat
