

Nuggetz

MC Chris

Nobody can do it (Mmmmmmm...)
Like McDonald's can!
New Chicken McNuggets! Also available in the 20 piece party pack!

When I say "chicken," you say "nuggets"
Chicken! (Nuggets!) Chicken! (Nuggets!)
So many sauces, it's awesome, I love it
Chicken! (Nuggets!) Chicken! (Nuggets!)

Buy my kid six but you know he wants ten
Buy myself ten if I ain't feelin' well fed
Thirty pounds overweight, can't tolerate hunger
FB telling me I looked better when I was younger
Pink slime all the time, don't mind, it's just science
Don't be sickened 'cause the chicken got the kitchen appliance
Gimme nuggets in a bucket and put out that fire
Eating so many nuggets that I kinda feel tired
Wendy's got the pepper, BK's not great
Mickey D's is better, Chick-fil-A hates gays
Chicken strips at Denny's was all I ever ate
Back in the day when everybody's underage
Got a tiny Tony, he's whiny for dino shapes
Doesn't matter 'cause I cut it up and put it on his plate
It's his favorite meal, he squeals when I make it
Fuck my life, he changed his mind and now he fuckin' hates it (ARRRRGH!)

When I say "chicken," you say "nuggets"
Chicken! (Nuggets!) Chicken! (Nuggets!)
So many sauces, it's awesome, I love it
Chicken! (Nuggets!) Chicken! (Nuggets!)

Why can't a man do something detrimental?
Vegans mac and cheasin' sounds pleasin' but I'm metal
I need cheeseburgers and whipped up chicken
They say meat's murder but it makes my dick thicken
Stopped doing sandwiches, started tastin' gross
Unless from a gas station, microwave it, get a Coke
That's back in the day when I was teenager
Before I had status and met The Lee Majors
You could find the mc usin' dad's gas card
So he could buy lunch, save money for the snack bar
Dates on the weekend, let's make out in the backyard
She says it's a trap like she's Admiral Ackbar
Back to the nuggets when they first came on the scene
1983, Moonwalkin' across the screen
I was 8, it was great, mom bring that shit to school
Shit on all day, seemed fair, won't share!

When I say "chicken," you say "nuggets"
