

## Tractor Beam

MC Chris

I'm like Kenny Rogers in "Six Pack" girls won't give my dick back  
All this sex affects my syntax the pistol I pack's impact  
Make's you gasp infact so sit back, relax  
While I grind this axe on your Brazilian wax  
Without finishing fast and bask in the slash underneath your cinnamon ass  
About ten minutes it lasts I pull it out and pass gas  
Name is MC Chris kinda cute, kinda crass  
Ladies love me sending pic's Where they're scantilly clad  
Send some back then invite them to come crash at my pad  
They're like OMG 1 what up? That'd be so rad!  
We make the beast with two backs until we both get whiplash

Get with the program strip to the slow jam  
Slip on a Trojan kissin' the toes and  
Move to the knees go back, repeat  
The job ain't done till you ruin the sheets  
My name is MC and your name is a creep  
Because you creep into my bed about every week  
Tractor beam on my bed got you actin' le freak  
Tractor beam on my bed got you actin' le freak

I should be flirtin' with virgins instead of jerkin' my gerkin  
I should be working the circuit assertive for certain  
With little aversion they all open they curtains  
Mini me starts emergin' to be rid of his burden  
Did I fail to mention all the ladies say word  
Got a panty collection like a Japanese perv  
They're prepared to purr and to serve up they curves  
I skip the main course I prefer the whorederves  
I like thongs, like grannies, like any old panties  
Hanging on the lampshades As I tap on her back space  
I like bows, like lace like suckin' her face  
I like fuckin' her waist I make a bucket of paste  
When her eyes roll back it means her memory's erase  
Slow-mo, tip-toe My ass out of her place  
I quickly run to the clinic a q-tip in my di-dick  
I wait two very long weeks to know if these nuts need a medic  
So c'mon
