

# Where the Ghosts At

MC Chris

Where the ghosts at? Where the ghosts at?  
Nuke accelerator straight up in my Pro Pack  
Stand back when we attack if your infested with pests  
Our special effects some of the best leave your address a horrible mess

Name's Peter as in repeater for partial phantasm  
Petri dish bitch, collect ectoplasm  
Point of view on the paranormal was mostly mixed  
I'm on a ghostin' kick, I like toastin' chicks  
Called a hustler and a hoax it's hard to circumvent  
When you're born to a ticket taker in a circus tent  
Spent my summers as a barker, now my day job is darker  
Now my jam's sticky hands you can call me Peter Parker  
Try the ghosts with the most in chosen odd housing  
We got the Bacharach puffer 3000  
Tease freaks in a breeze with a few piano keys  
PKE for a fee but if you're sweet it's on me  
I could buy myself through college, perplex the private sectors  
A cornered co-eds a cutie so it's my duty to protect her  
I prefer "A Magical Path to Fortune and Power"  
I'm a regular Roy Rogers with a regular hours  
"Whoa, whoa, whoa, nice shooting Tex, the flowers are still standing"

I'm lethal with the ladies, unless they're growling hounds of Hades  
We're the eliminators that predominated the eighties  
Our mode of transportation's Cadillac it's pretty fast  
It's my speed if you're free, now hand over the petty cash  
If you're nimble little minx or a prehistoric bitch  
I will wave my wand until you've gone back to the abyss  
I prefer musicians with a tolerant tone  
Like a little spoon position, there's no hair in my throat  
I don't like marriage but if your carriage is threatened  
You hear the echo of my ecto in a second just beckoned  
No trick questions, I'll respect you as an artist and a dresser  
Still got that shiny dress when you were the vessel of a possessor?  
My paranormal pursuits can leave my suit sullied  
I'll G you junk food unless the dude's Louis Tully  
Competition is dismissed but they run off and flee  
I get the girl in the end don't pretend I'm not Pete

The EPA is lame it's an awful institution  
Go get your court order, I'll sue you for wrongful prosecution  
Our contributions hard to believe but we're the people they pick

Change your point of view, yes it's true this man has no dick
