

Keep On

MC Hammer

Yeah, this is goin` out to everybody in the world whoever been through somet
hin`, ya know ?

Ya got heavy bonds, ya can't let it get ya down. Ya got to keep on keepin` s
trong.

Another day in the heart of the town
And a whole lotta things tryin` to keep a brother down
Got my mind all stressed and I don`t feel right
Ya know I didn`t get no sleep last night, homes
So I reminisce about the days that passed
And all the homies that I had that did not last
It`s kinda deep but they got me for millions
And I`m the homeboy that have to raise their children
Feed their wife, live a good life
Now they talk about the Hammer like I`m a lowlife

Everywhere ya go ya talk about me
And on the inside, homie, you`re killin` me softly
For ten years I gave ya all that I had
Took you from Mississippi to Baghdad
It`s a shame when ya know it`s true
I`m the same man who would die for you

*Keep on, you just got keep on
On`t let `em hurt you
Keep on, you just got to keep on
They don`t deserve you
Keep, keep, keep, keep on

The world is rough and life is deep
But I was even cross up by my real close homies
When they thought I was down with my back against the wall
They gave me a shove and hoped I`d fall
They did not call to see how I feel
Deserted me and that`s real
It gets deep when you on this side
Doin` all you can do to survive, right ?

I held on and I didn`t give up
`Cause I had the Good Lord layin` in the cut
For what I don`t know and for what I can`t see
For what? `Cause He be tellin`me, right?
I thank God that I got my girls
And my little baby boy just joined this world
To my nephews and nieces, our love is strong
But to the rest of y`all I got to keep on

Broken hearts don`t always mend
Especially when they`re broke by your homies
And your best friend to the end
I thought we was dawn
I know better know
Why ? I can`t explain how it feels to know
Deep down inside y`all was never real
And I realize that money is your god
But the things you did to me I took so hard

It wasn't enough to ruin my life
But you even tried to sabotage a ...
And why not leave good enough alone ?
You got my heart feelin' weak but my mind's still strong
And on I'll go 'cause I'm made like that
In five years I'll see where y'all are at
Get ready 'cause it's on its way and
The bed y'all made is the bed y'all lay on
I'm movin on

I'm movin' on, I'm movin on
Gotta keep walkin'
Gotta keep tryin'
Gotta keep my head up
