

# Oaktown

MC Hammer

Do you know about my city, the city of Oak  
Oh, don't you know  
Do you know about my city, the city of Oak  
Oh, don't you know

Now lets take a little trip down memory lane, when brothers played nothing but,  
ut, the dope game  
East 14th and 73rd  
That's where the slangers hung tough sellin' bird  
And if you go to Sabreny Park don't get caught slippin' Cause they poppin' a  
caps in little marks after dark  
And right across the way is a hood called Brookfield  
And all over the bay they all know about the 69 ville  
Ridin' down MacArthur don't get caught trick  
Or you'll be sittin' on bricks My town is not big but you better believe that  
t if you slip  
You're bound to get jumped and smoked in a place called Oakland

Do you know about my city, the city of Oak  
Oh, don't you know  
Do you know about my city, the city of Oak  
Oh, don't you know

The high street is the place where this brother spit it to me  
On how to be a mac G, and not a wanna-be  
It wasn't about the bodies ya stacked up  
But the money ya racked up  
And when it came to standin' on yo ground you never backed up  
Another day, another episode when fools got bold  
Another stompin' another story to be told to the young butts  
The future hood who's coming up show them the ropes  
These days they paid stompin' fools who runnin' up  
Keepin' in mind whenever they go out to grind  
Keep an eye on (Public Enemy NO.1) one time  
Cause they'll be makin' you get yo bail on Instead of gettin' ya mail on so  
skip the cash flow  
We gotta' dash so We can stay to profit another day  
And ask the Lord to bless the homies  
Who here and those who passed away  
Cause there's really no win in this game  
A hype beginning then 9 times out of 10 a sad ending  
I lift my head to the sky  
For all the homies who died  
They'd rather be in their grave instead of poor or tired  
So beware cause they really don't care  
They'll kill you for breathing the wrong air  
Take it from me cause I'm from there  
Although I dance, make ends, parties  
I like to start Look beyond that you'll find and Oakland fool to the heart  
Who's tryin' to warn these wanna-be's no to clown  
I'm an O.G. fool the 0 stands for Oaktown

Do you know about my city, the city of Oak  
Oh, don't you know  
Do you know about my city, the city of Oak  
Oh, don't you know

Yeah!

It's time to send some shouts out

To some high street O.G.s
