

# Altered States

MC Lars

In Indiana I watched a Hoosiers game  
Saw Bobby Knight bringing the pain  
The next week down in Tennessee  
I built a life-sized model of a centipede  
Kicking it in Kansas dope red pumps  
Jayhawks shaking badonkadonks  
In Nebraska, I husked corn all day  
Got bitten by a shark Californ-I-A

Had to let it go in New Mexico  
Played a sold out show in Calexico  
Had a trailer crash on tour in Minnesota  
Got lucky in Kentucky with a chick in my Toyota  
Got in my pajamas with a girl from Alabama  
Then I lost my laptop in Louisiana  
Saw Hannah in Montana, went to New Joisy  
Got lost on the turnpike gross and oily

I was in Vermont, saw into the future now I'm clairvoyant  
Out to infinity and then beyond  
Drank a tub of maple syrup, got sick and I called my Mom  
Popped a soda up in North Dakota  
Then I hitched a ride down to Arizona  
Business that's risky in Mississippi  
Oregon filled with duck-billed hippies

Do I really have to remind ya  
About the bets we made in North and South Carolina?  
If you can't ignore the Idaho snow  
We'll move to Georgia where the peaches grow  
In Massachusetts met Confucius  
Said, "Where's your beverage? Are you juiceless?"  
It's not that I'm insane  
I'm just too West Coast for New Hampshire or Maine

I put the O in Ohio, Venus de Milo,  
Kidnapped by the circus and they put me in a sideshow  
Got lei'd in Hawaii on top of dolphins that's where I be  
Rhode Island popped a Mylanta  
In Alaska chillin with Santa  
David the gnoming in Wyoming  
Pennsylvania's pregnant and it's showing

Not ignoring the warm Florida sun  
Chased by a gator to Wisconsin  
Made a scary plan down in Maryland  
Where Edgar Allan Poe died a sad lonely man  
I guess his death wish was big like Texas  
You can't reject this New York guestlist  
In Utah I saw the Simpsons movie  
At the Delaware mall I paid no duties

Michigan acting like a bitch again

In Colorado you'll need your Michelin  
Small gene pools in West VA  
Washington state lots of rainy days  
Munching on a bowl full of curry in Missouri  
Midwest swing and I'm no hurry  
Mad love for Illinois got a silent s  
And it's not Reno homeboy it's Re-yes

Went to Nevada had a bad trip  
Moved to Iowa where I owe a grip  
Chasing tornados in Oklahoma  
Climbing Lincoln's nose in South Dakota  
Friends with benefits in Connecticut  
Went to Virginia for some southern etiquette  
Hundreds of fans all parked and saw  
Me and Bill Clinton jamming in Arkansas

These are the states that we've been to  
And all the hi jinks that we got into  
At the end of the day all we can say  
Is there's really no place like the USA
