

# No More

MC MAGIC

I just can't no more

You know that I was there for you about a million times  
And even tough it breaks my heart I think I rather die (come on)  
Even though you take a piece of me I gotta let you go  
I can't forgive you anymore

It's like I'm going insane losing my mind  
To think that I can never look into your pretty eyes again  
The only girl that's ever really been  
On my side good and bad times  
I know that should'a treated you girl much better  
Broke a promise that was meant to last forever  
Tell me what I gotta do  
Anything that I can do to make it up to you

I know I don't deserve to even stand in your presence  
It's like I lost I lil piece of heaven  
The worst part is knowing that I'll never get to see you smile again  
Forgive me baby if I took you for granted  
My selfish ways and I can't understand it  
You didn't deserve all the pain and the damage

You know that I was there for you about a million times  
And even tough it breaks my heart I think I rather die  
Even though you take a piece of me I gotta let you go  
I can't forgive you anymore

I wish it didn't have to be this way  
I wish that I could hold you like I did back in the day  
You deserve your freedom you deserve your love  
Most of all you deserve to be the happy one

And so I look to the sky  
Hopefully one day things will change in my life  
They say that love is a gamble  
My heart's in your hand my head is all scrambled

Perdoname los dias that I made you cry  
It was all my fault  
And for the rest of my life I know I gotta pay the price  
Perdoname  
Take my belongings  
Take my heart  
Take my soul, tell the world que no tengo corazon  
And just know that I would give everything to hear your voice again

Don't try to call me no more no more  
I'm not that same girl no more  
Even though you take a piece of me  
I gotta let you go  
I can't forgive you anymore
