You blow my mind mamacita todo los dias every day
The magic man from Arizona gotta do it once again
This time im riding with my compas from that Lone Star state

Si tu supieras lo que siento
Cada vez que me pongo a pensar en todo los momentos
Good times we had me and you
You and I
It's twenty twenty cuatro and you still super fly

See, I reminisce about them days in the RGV
And gettin crazy at the Riverwalk in '03
Lets run it back and lettem know we coming thru

And make it something brand new

Watch my bitches eat each other out while , roll a wood of this weed
Gottem on they hands and knees crawling straight to me I just let her proceed
Treat her as like dirt dig her out then fill her up with this seed
Let's have a convo about the birds n bees when you suck this dick it betta look like you sneezed

OT! All the dicks inside them jeans what you gonna do with that?
They say I got COVID-19 'cause I eat Pussy Cat
You say that he took my shit, hmm! Watch me go get it back
Push up to his house, air it out, tell him smell his finger after that

Yeah I gotta a bitch that like to smoke and I got a bitch that like to roll it
But she don't smoke, and she just watch us blow it, while we watch the other deep throat-it
I enjoy the moment imma motor-boat her making plays on the Motorola
Only times that I be drinking soda is when you see me with the wockhardt
And it's leaning over right on!

Something about you baby

Something about my pretty girl blows my mind
Something about you baby
Drives me crazy
Something about my pretty girl blows my mind
