

# Welcome To Arizona

MC MAGIC

Welcome to Arizona (oh yeah)  
Throw your A's to the sky  
I know you wanna ride  
Magic City Arizona  
Oh yeaaaahhh  
Throw your A's to the sky  
I know you wanna ride  
Magic City Arizona

Magic City Arizona where the sun is king  
Everyday we still fighting for that championship ring  
Even through the recession  
we all want success  
DJ's in nightclubs and hot girls undress  
For the money, the fame, to break into the game  
Two shots of patron and she'll give you anything  
Even though sheriff Joe is satan in the flesh  
My people still make it past the walls and the fence  
Im living proof of this American dream  
selling ring tones and always raising up AZ  
From the lies, to sexy lady pretty brown eyes  
Feels good to hear em say AZilla overtime  
When i land in the bay, or the 915  
When i'm on stage at the gibson in my cocaine white  
Nick dolls, BIG D, NastyBoy is in the building  
And we bout to make a killin'

Welcome to Arizona (oh yeah)  
Throw your A's to the sky  
I know you wanna ride  
Magic City Arizona  
Oh yeaaaahhh  
Throw your A's to the sky  
I know you wanna ride  
Magic City Arizona

Listen, its AZ not the birth place of X3  
But the place that made me who you know me to be  
I've been rocking radio since dos mil cero dos  
And aint no other dude that crack the microphone  
Dun come close, to the list  
Of many accomplishments,  
I've got so many accolades it doesn't seem to make sense  
And all because, of all of Arizona showing love  
So how can i not represent the state that rise me up above  
I started rapping, right here in AZ  
I started making it happen, right here in AZ  
I kept the clubs packing, right here in AZ  
And even into the higher tax bracket, right here in AZ  
So i say, peace to everyone in the valley of the sun  
Whether you dabble in the books or whether you gamble with the gun  
you've embraced, and for that you can never be replaced  
So throw your city in the sky and MAY IT RECIPROCATE with age

Welcome to Arizona (oh yeah)

Yeah, one of the originals, i represent man im from Arizona  
Get love and respect from my city every time i roll up  
Born and raised on the east side of phoenix in Maricopa  
Known for spitting that heat got plenty up in my holster  
I'm a soldier, straight hustler wont catch me on the sofa  
Playing Nintendo, man i get my dough in Arizona  
Outta towners get crushed thinking that they can roll up on us  
But never that, try to disrespect us, that'll get you toe up  
Shout out to MC Magic and the homie X3  
We stay relevant while you other fools remain sleepy  
To the homes from the west side, avenues, AZ  
South side representing and keeping it gangsta like weezie  
I been rapping since the bookie free style in the mid 90's  
Other days when it was more life and the city was behind us  
I stay connected to my city like george and weezie  
If you visiting my state....
