

This Is My Heart

McAuley Schenker Group

Same things don't bother me no
Some things go over my head
But sometimes I fool myself baby
I'm on the border of a broken heart
Come Sunday mornin' it'll be torn apart
Can't face the weekend baby

This is my heart that's callin'
This is my pride that's fallin'
I can't get by on my own
This is my heart that's callin'
This is my pride that's fallin'
Its chillin' me right to the bone

Been givin' me the run around
I called you every day to change your mind
Said you're gonna have to think about it maybe?
What can I do to bring you 'round
I wanted everything but now I've been found
Guilty of takin' your love way down

This is my heart that's callin'
This is my pride that's fallin'
I can't get by on my own
This is my heart that's callin'
This is my pride that's fallin'
Its chillin' me right to the bone

I don't wanna let you go baby
I just gotta try and let you know
What you really mean to me
Can't you see

This is my heart that's callin'
This is my pride that's fallin'
I can't get by on my own
This is my heart that's callin'
This is my pride that's fallin'
Its chillin' me right to the bane
This is my heart that's callin'
This is my pride that's fallin'
Chillin' me right to the bone
