Woah woahhh
Woah woahhh
Woah woahhh
Woah woahhh

Hey man I miss your collar bones
I know the way your skin feels on my collar bones
I know I stole that line
Steal all my lines from this guy named Brian
Hey man I miss your collar bones
I know the way your skin feels on my collar bones
I know I stole that line
Steal all my lines from this guy named Brian

You be the front, I'll be the back
You sing like this so I'll sing like that
You be the bottom and I'll be the top
I'll put the lid on the jar when it's shut

The headlights and werewolves
Come out of the forest
At night on your birthday
I know they adore us
But headlights and werewolves
Come out of the forest
At night on your birthday
I know they, I know they

But I feel the way that you stare at the back of my neck
From the back of the porch while you're mowing your
I feel the way that you stare at the back of my neck
From the back of the porch while you're mowing your

Can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you help me take away the pain?
Can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you break my legs tonight?

Can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you help me take away the pain?
Can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you break my legs tonight?

But I feel the way that you stare at the back of my neck
From the back of the porch while you're mowing your
I feel the way that you stare at the back of my neck
From the back of the porch while you're mowing your

I feel the way that you stare at the back of my neck

From the back of the porch while you're mowing your

Can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you break my legs tonight?
Oh can you pay for overtime?
Can you pay to keep my secrets safe?
Can you break my legs tonight?
Can you break my legs tonight?

Oh fuck you!
