

# Clementine

McCafferty

I was young and foolish  
But I was in love  
You were kind and beautiful  
Kindness is enough  
I am truly blind  
Right before my eyes  
Eat my clementine  
Choke and hope to die

Fear is fear itself  
But god I'm weak as hell  
I used to love your smile  
Know it's been a while  
Since I let these words  
Back out of their cage  
I am not a man  
But my body's aged

Hair is turning gray  
Older every day  
Love my wife and kids  
Makes me want to live  
But I used to be  
Kinda like you see  
Used to want to die  
Alone in my room and cry

Felt my mom and dad  
Had raised me really bad  
If I can make things right  
If I can change my ways  
I can make you mine  
If the time is right  
Stay with me my love  
Stay with me tonight

Build up the hope in my brain  
Everyone knows I'm insane  
Smash my head into the wall  
Run to the exit again  
Solely we both just exist  
Make me feel like I'm a kid  
Strong and together we stay  
Fuck everyone in our way

We rise up the fight just to die  
That's just how the world goes sometimes  
You're only as strong as the weakest  
Link you keep in your secrets  
Pain without the connection  
There's nothing on time for collection  
And I will be the one  
Who has to pay in blood

Build up the hope in my brain  
Everyone knows I'm insane  
Smash my head into the wall

Run to the exit again  
Solely we both just exist  
Make me feel like I'm a kid  
Strong and together we stay  
Fuck everyone in our way

We rise up the fight just to die  
That's just how the world goes sometimes  
You're only as strong as the weakest  
Link you keep in your secrets  
Pain without the connection  
There's nothing on time for collection  
And I will be the one  
Who has to pay in blood

I can make you mine  
If the time is right

Stay with me my love  
Stay with me tonight

Build up the hope in my brain  
Everyone knows I'm insane

Strong and together we stay  
Fuck everyone in our way

I can make you mine  
If the time is right

Stay with me my love  
Stay with me tonight

Build up the hope in my brain  
Everyone knows I'm insane
