

Daddy-Longlegs

McCafferty

Fuck!

I think I found out where I do not belong
Stuck inside my head here with all my songs
And I ran so far that I lost the time
And I realize now the whole world is mine

She said "My friends died when I was real young
I think they're waiting for me on the other side
And when I wake up, and you're still gone
Promise that you're waiting on the other side"
She said "My friends died when I was real young
I think they're waiting for me on the other side
And when I wake up, and you're still gone
Promise that you're waiting on the other side"

I'm sorry!

And you were angry as she walks away
And you're getting angry as she tries to stay
And you're getting older so it's hard to say
If this all feels forced or if you're here to stay
And I'm getting angry as you walk away
And you're getting sober starting here today (Yeah right!)
And I'm getting older so it's hard to say
If this all feels forced or if I'm here to stay

"Hey guys, this is Brian (and Raquel), and we wanted to say thank you for keeping this going. You guys mean a whole lot to us, and it's awesome you guys are actually doing stuff again. You guys have a lot of friend in New Mexico and we're really happy to hear from you again."

"Everyone else saw through your facade but me. Everyone but me. Because I hoped you were something more! Well, I was wrong, alright? And I regret treating you better than he ever did, because you deserve none of it. And you never will!"

Daddy-longlegs, daddy, daddy-longlegs crawl
Daddy-longlegs, crawl until the bodies fall
Daddy-longlegs, daddy, daddy-longlegs crawl
Daddy-longlegs, crawl until the bodies fall

And it was easy up until the lights went out
Your brother told you everybody's here to hunt
You better run now, better use your self-control
I'm getting nervous, I want to hurt you

Daddy-longlegs, daddy, daddy-longlegs crawl
Daddy-longlegs, crawl until the bodies fall
Daddy-longlegs, daddy, daddy-longlegs crawl
Daddy-longlegs, crawl until the bodies fall

And you were just the first step in a long line
Of every mistake I've made, I can't believe I
Used to hang out with you, I used to love you
I used to want you, I used to need you
And you were just the first step in a long line
Of every mistake I've made, I can't believe I

Used to hang out with you, I used to love you
I used to want you, I used to need you

And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you

And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you

And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you
And I still want you and I still need you

"I just wanna say from the bottom of my heart. I'd like to take this chance
to apologize to absolutely nobody!"
