

Her face is young  
And so is mine  
Kindly divide me  
Read me like a book tonight  
Firefly  
Hold me close until I die  
Hold me close until I'm warm  
Laying down here on the floor  
It's made up of things that will never be  
I love you and you love me

Apparently  
Dramatically  
Convincingly you could kiss me  
We could run away  
And build a house  
And fix it up  
And make it ours  
When the roof cracks  
We'll fix it  
When the pipes rust  
We'll change em  
When your heart's old and it stops  
Mine will stop  
Mine will stop  
When your hands are old and grey  
Can I hold you every day?  
Can I tell you how I feel for the very last time?

And I never knew  
What he was going through  
Until he finally got  
His self fucking shot  
They say that make believe  
It don't mean anything  
But I've seen make believe  
And it means everything  
They say my light will burn out  
But I was just having fun  
Hanging out here in the sun  
Looking for my mate in life  
My mate in life

When the roof cracks  
We'll fix it  
When the pipes rust  
We'll change em  
When your heart's old and it stops  
Mine will stop  
Mine will stop  
When your hands are old and grey  
Can I hold you every day?  
Can I tell you how I feel for the very last time?
