

Snoqualmie

McCafferty

Addicted to meth in the fall
Your brother OD'd when we went to the mall

Counting my teeth as they fall
You were spelling my name from my molars and canines

I've got an addiction to this
A fish on the hook who can't get off of it

Take a hit

See my mom when I trip

She said "If I die, I die, I die, I die"

I see needles in arms
Fire in bones

You know I
Still see you in my room
When I close my eyes

See needles in arms
Fire in bones

And you know I
Still see you in my room when I close my eyes

So you cut yourself
And your parents saw

Then you ran away
Trade your soul for a soul

Sell your body off
For a pill or two

Come on baby
Come on baby
Lets go get high in my room

Now you're moving in
Where the devil lives

He's a charming man
But there is evil in him

Never on his good side
Always on his bad side

Wish he wouldn't hurt you
Wish you could reverse time

I see needles in arms
Fire in bones

You know I

Still see you in my room
When I close my eyes

See needles in arms
Fire in bones

And you know I
Still see you in my room when I close my eyes

(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)

(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)

(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)

(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)
(Ah ah ah ah-ah)

You're not a bad dad
Just a lost one
You got consumed by depression like your own son
Insecure, are the things in your brain
Never follow through on anything
