

Swingset

McCafferty

Broke my neck on the swing set jumping off backwards
I can do a handstand counting down backwards
I can grow my hair out
Everyone's laughing
I am such a joke
I hope I stop breathing

There's an old saying
Everyone's happy when they're not happy
Everyone's lying
Nobody's happy
Look at these pictures
Everyone's fucked

Broke my neck on the Swingset jumping off backwards
I could blow my brains out
Pick me up after
Everyone's gone home
I am so lonely
Nobody knows me
Could you please hold me?

I like your car
I like your brain
I like your voice
I like your face
I like your name
I hate this place
Everyone's fucked

But there is someone worth fighting for again
And I'm dyslexic so spell it out my friend
I think I liked you better when we met
You never call me so why should I call back

And I forget what you look like all the time
I know you hate me and yeah I guess that's fine

You used to be my whole entire world
But now you're nothing and that's just how it goes

Broke my neck on the swing set jumping off backwards
I can do a handstand counting down backwards
I can grow my hair out
Everyone's laughing
I am such a joke
I hope I stop breathing

There's an old saying
Everyone's happy when they're not happy
Everyone's lying
Nobody's happy
Look at these pictures
Everyone's fucked
(Fucked)
