The Roots

McCafferty

I am the devil, I am the devil, well
I am the right guy here at the wrong time
Down in the basement, cry by yourself
Up in the attic, just hang yourself

Well, I am the devil, I am the devil
I am the right guy here at the wrong time
Down in the basement, cry by yourself
Up in the attic, just hang yourself

They say everything's perfect, everything's fine here
I am alright, dear, just die inside here
Up in my head, things that I said
Wish I was better like all of your friends

Wish that November would never leave
Wish you loved you, wish you loved me
Wish that I cared when all of my friends
Said they are sad, nothing here's left

Well, I am the devil, I am the devil
I am the right guy here at the wrong time
Down in the basement, cry by myself
Up in the attic, just hang myself

Well, you were the devil, you were the devil
You were the devil, you were the devil
You were the devil, you were the devil
You were the devil, you were the devil

I am the devil
