McCafferty

I wouldn't dare
To run from a horse

I couldn't breathe
So I stayed my course

Wild and free
Just meant for me

Your hair-a-blossom
Sweet cherry green

And my emotions were pouring out
So fast, and my timing was done

So poorly
You don't adore me
You don't care about me love

And my emotions were pouring out
So fast, and my timing was done

So poorly
You don't adore me
You don't care about me love
My love

I wouldn't dare
Bite from the apple

I'd rather die
Dying of thirst

I'd rather cut
Muscle from tendon

I'd rather snap
Fire from bone

I coul- pouring out so fast
And my timing was done

So poorly
You don't adore me
You don't care about me love

And my emotions were pouring out
So fast, and my timing was done

So poorly
You don't adore me
You don't care about me love
My love

I wouldn't dare
Run from a horse

I couldn't breathe
So I stayed my course

Wild and free
Just meant for me

Your hair-a-blossom
Sweet cherry green

And my emotions were pouring out
So fast, and my timing was done

So poorly
You don't adore me
You don't care about me love

And my emotions were pouring out
So fast, and my timing was done

So poorly
You don't adore me
You don't care about me love
My love
