

Westboro Sadness

McCafferty

Cross my heart, and hope to die
I lose my virginity here tonight
Don't you get it? I'm desperate, it's time
And if you don't love me, that's totally fucking fine
She said, "I'm the consequences of my actions, but I did it any way
You know that football players always get away with rape
Look at me? Well fucking look at you with all your substance abuse
Don't post shit online like you know what the fuck you're talking about!"

Like cool, alright, c-cool, alright, I'm fine
Cool, alright, c-cool, alright, I'm good
Cool, alright, c-cool, alright, I'm fine
Cool, alright, c-cool, alright

You want dramatic? Then I will give you dramatic
In high school, hid in the closet and then I died in the attic
And when the bullies all found me, they called me a maggot
They said that, "boys don't play with dolls, saw you at the mall
You better stand up tall, I know just how you fall
It takes a certain kind to satisfy my type
That doesn't make me wrong, doesn't make you right"

Like cool, alright, c-cool, alright, I'm fine
Cool, alright, c-cool, alright, I'm good
Cool, alright, c-cool, alright, I'm fine
Cool, alright, c-cool, alright (alright)
