

I'm in the zoo in my mind
Anyway, what's the time?
I have to be home for dinner
Or my dad will be real mad
This is it. She said "what?"
I said nothing knock it off
And I'll be there in the morning
When the darkness never comes

She's saying my dad is sick
I'm thinking my heart is too
I'm thinking my attitude
Needs adjusting
And you were the last to know
But I was the first to fall
And saying no, it didn't hurt
When we fell down here from heaven

Saying my dad is sick
I'm thinking my brain is too
I'm thinking my attitude
Needs adjusting
And you were the last to know
I was the first to fall
Saying yeah, it didn't hurt
When we fell down here from heaven
Saying no, it didn't hurt
When we fell down here from heaven
Saying no, it didn't hurt
When we fell down here from heaven

If you want me you can find me if you need
If you're bored now you can leave that's fine too
But can you honestly say, this meant nothing, this meant nothing to you?
And can you honestly say, this meant nothing, this meant nothing to you?
And can you honestly say, I meant nothing, I meant nothing to you?
And can you honestly say, I meant nothing, I meant nothing to you?
