

Corner of My Mind

Mcfly

Driving home
On my own
I turn left instead of right
'Cause there I fix
So many things
In the corner of my mind

Running on empty
With all the memories
I can't leave behind
Cause you were always
In the corner of my mind

The mountains that we climbed
Still the best days
In the corner of my mind, mind

Breaking down
Tripping out
Well I'm screwed up but I'm alright
I'm flicking through
Visions of you
But the corner of my mind

Is far from empty
With all the memories
I can't leave behind
You were always
In the corner of my mind

The mountains that we climbed
Still the best days
In the corner of my mind, mind

Running on empty
With all the memories
I can't leave behind
Cause you were always
In the corner of my mind

The mountains that we climbed
Still the best days
In the corner of my
In the corner of my
In the corner of my mind, mind, mind
