

## God of Rock & Roll

## Mcfly

I'm the number one at making bad decisions  
(A-amen...)  
So they crowned me the king of my own scene  
(A-amen...)  
All the boys and all the girls say that I'm a symptom  
(A-amen...)  
So why they staring at me like I'm the disease?  
(A-amen...)

So tonight there'll be  
No sleep, no dreams  
Man, I'm gonna light this place up  
All scream at me  
'Cause tonight I'm on fire sliding down on my knees to pray

To the god of rock 'n' roll!  
Come on and save my soul!  
God of rock 'n' roll!  
The Devil turned the level to eleven  
And he sang, 'Hell yeah!'  
To the god of rock 'n' roll!  
(Come on and save my soul...)  
(A-men, amen...)  
(A-men, amen...)

I'm a full-on freak, I'm the saint of the sinners  
(A-amen...)  
All eyes on me, I'm the anomaly  
(A-amen...)

So tonight there'll be  
No sleep, no dreams  
Man, I'm gonna light this place up  
Thunder struck me  
I pick up my guitar, I look up to the sky and play

To the god of rock 'n' roll!  
Come on and save my soul!  
God of rock 'n' roll!  
The Devil turned the level to eleven  
And he sang, 'Hell yeah!'  
To the god of rock 'n' roll!  
(Come on and save my... oh...)  
'Hell yeah!'  
To the god of rock 'n' roll!  
Come on and save my soul!  
God of rock 'n' roll!  
The Devil turned the level to eleven  
And he sang, 'Hell yeah!'  
To the god of rock 'n' roll!

[illegible]

Amen!
