

# Land of the Bees

**Mcfly**

How long have we been gone  
We're sorry it took so long  
Too late to right our wrongs  
Now we're right back where we belong

Smiles in the sunshine can't take that away  
'Cause we got the power to play

Wake up we've been misled  
We've been dancing with the dead  
And we're hanging by a thread  
But we're ready to bang some heads

Ride of a lifetime, can't take that away  
'Cause we got the power to play

Into the land of the bees  
Buzzing and free  
Out of the darkness  
Crossing mountains and seas  
Turning our dreams into the light  
Got everything that we need  
Right under our feet  
But we're going

Higher, higher, higher  
Take me  
Higher, higher, higher  
Take me  
Higher, higher, higher  
(Take, take, take me)

Smiles in the sunshine can't take that away  
'Cause we got the power to play

Into the land of the bees  
Buzzing and free  
Out of the darkness  
Crossing mountains and seas  
Turning our dreams into the light  
Got everything that we need  
Right under our feet  
But we're going high

Higher, higher, higher  
Take me  
Higher, higher, higher  
Take me  
Higher, higher, higher  
(Yeah yeah yeah)

No one believes the truth  
'Cause nobody tells the truth  
No one believes the truth  
'Cause nobody tells the truth  
No nobody tells the truth
