

## Like I Can

Mcfly

Anyone can sing a love song  
Anyone can read a book  
Anyone can watch a movie  
All you gotta do is look  
Plenty guys can play piano  
But what you gotta understand  
When it comes to loving you  
There's no other man

Can do it like I can  
Like I can

Other men can fix an engine  
Change a tyre going flat  
If you gon' fancy cooking  
There are places you can go for that  
Any time you're feeling lonely  
A friend can always hold your hand  
But when it comes to loving you  
There's no other man

Can do it like I can  
Like I can  
Like I can  
Like I can

Anyone can sing a love song  
But what you gotta understand  
When it comes to loving you  
There's no other man

Can do it like I can  
Like I can  
Like I can  
Like I can  
Like I can  
Like I can  
Like I can  
Like I can

Anyone can play piano  
Anyone can join a band  
No one's gonna sing about you  
Like I can
