

# Make It Out Alive

Mcfly

Tragic moments  
Come on raise your glasses  
Tragic moments  
Fun for all the masses  
Ticket to the show  
The credits have all rolled

Can we make it out alive  
Can we make it alright  
Can we make it out alive

Tragic moments  
Playing all the wrong notes  
Tragic moments  
Pour a glass of no hope  
This town's full of ghosts  
Red light signals go

Can we make it out alive  
Can we make it alright  
Can we make it out alive  
Oh, can we make it out alive  
Can we make it alright  
Can we make it out alive

Tragic moments  
Come on fill your glasses  
Tragic moments  
Fun for all the masses  
Ticket to the show  
But the credits have all rolled

Can we make it out alive  
Can we make it alright  
Can we make it out alive  
Oh, can we make it out alive  
Can we make it alright  
Can we make it out alive
