

Man On Fire

Mcfly

I can see the finish line
I can make it if I try
I won't make it if I die, I

I'll never give up, no
Never give up on us, no
Never gonna say enough, no
Impossible

Cause everybody's got an Everest to climb
You got to have a reason and you're mine
Everyday I'm closing in on my desire
I'm higher

I'm a man on fire, fire
I'm a man on fire, fire
I'm a man on fire, fire
Unstoppable

There's nothing that I cannot do
If I'm doing it for you
I know I will make it through
The fire

I'll never give up, no
Never give up on us, no
Never gonna say enough, no
Impossible

Cause everybody's got an Everest to climb
You got to have a reason and you're mine
Everyday I'm closing in on my desire
I'm higher

I'm a man on fire, fire
I'm a man on fire, fire
Yes I'm a man on fire, fire
Unstoppable

I'm a man on fire, fire
Yes I'm a man on fire, fire
I'm a man on fire, fire
Unstoppable (Unstoppable)

I'll never give up, no
Never give up on us, no
Never gonna say enough, no
Impossible (Impossible)

Cause everybody's got an Everest to climb
Got to have a reason and you're mine
Everyday I'm closing in on my desire
I'm higher

I'm a man on fire, fire
I'm a man on fire, fire
I'm a man on fire, fire

Unstoppable

I'll never give up, no
Never give up on us, no
Never gonna say enough, no
Impossible

And everybody's got an Everest to climb
You got to have a reason and you're mine
Everyday I'm closing in on my desire
I'm higher

I'm a man on fire, fire
Yes I'm a man on fire, fire
I'm a man on fire, fire
Unstoppable

I'm a man on fire, fire
Yes I'm a man on fire, fire
Yeah I'm a man on fire, fire
Unstoppable

There's nothing that I cannot do
If I'm doing it for you
I know I will make it through
The fire
