

# Something About You

Mcfly

Well my ex girlfriends took hours  
Getting ready but you don't take half as long  
Ooh ooh ooh oh yeah  
But you always smell of flowers  
And it's like you wake up with your makeup on  
Ooh ooh ooh

Too good to be true  
(There's something about you)  
There's something something something about you  
(There's something about you)  
(There's something about you)

Well you must have superpowers  
Cause you play guitar much better than I do  
Ooh ooh ooh, oh yeah  
When you join me in a shower  
Well you look so sexy covered in shampoo  
Ooh ooh ooh

Too good to be true  
(There's something about you)  
There's something something something about you  
(There's something about you)  
(There's something about you)

Not because you're beautiful  
More than I deserve  
Something more unusual  
Yeah, like you're sent to rock the earth

My friends think you're amazing  
Because you don't flinch when you're getting tattooed  
Ooh ooh ooh  
Too good to be true  
(There's something about you)  
There's something something something about you  
Alright

Not because you're beautiful  
More than I deserve  
Something more unusual  
Yeah, like you're sent to rock the earth

You must be anti-aging  
'Cause you dress like it's still 1952  
Ooh ooh ooh  
It must be true  
(There's something about you)  
There's something something something about you  
(There's something about you)  
There's something something something about you  
(There's something about you)  
There's something something something  
There must be something something about you  
(There's something about you)  
(There's something about you)
